EXPERIENCE/COURSES

Cybersecurity Fundamentals Course   *2024*
Infocus Training Center | Doha, Qatar
- I completed a foundational cybersecurity course focused on Linux operating systems and command-line tools, where I learned core cybersecurity concepts and ethical hacking principles within controlled and legal environments. The course strengthened my analytical thinking, problem-solving skills, and understanding of basic system security practices.

Head of IT   *2023-2024*
Al Khor International School | Al Khor, Qatar
- I served as Head of IT for school MUN conferences, where I was responsible for managing technical preparations and supporting event organization through the use of digital tools, spreadsheets, and presentations. This role required close collaboration with team members to ensure the smooth planning and execution of conferences.

Qatar Leadership Conference   *November 2023*
Qatar National Convention Center | Doha, Qatar
- I participated in a national leadership conference that involved workshops focused on teamwork, communication, and organizational skills. Engaging with students from different schools across Qatar helped strengthen my collaborative abilities and broaden my perspective on leadership.

Toastmasters – Future Leaders Gavel Club   *2016- 2018*
Al Khor, Qatar
- I actively participated in structured public speaking sessions that focused on communication, confidence-building, and leadership development. Through regular participation, I developed strong verbal communication skills and received recognition in prepared speeches and table topics.

SKILLS

Technical Skills -
- Programming fundamentals: Python, Java
- Basic Linux command-line usage
- Logical and analytical problem-solving
- Data handling and validation concepts
- Microsoft Office: Word, Excel, PowerPoint

Professional Skills -
- Analytical thinking
- Technical documentation
- Team collaboration
- Independent learning
- Clear written and verbal communication
